

Task One: Referencing this image, create a low-fidelity wireframe.

Task Two: Use one of the following websites and the inspect tool to identify 2-3 colors used repeatedly as part of the site's color scheme. Remember that different shades of gray and black can be included as a color.

Webpage: <https://sebkay.com/>

#5E5E5E for menu items

#191a1d for h1,2,3.. and "a" links

#4b6cc1 for "Read article"

Task Three: Create a user story by referencing one of these websites.

Youtube <https://www.youtube.com/>

As [user] i want to be able to [watch videos] without an [account]

Task Four: Identify the prime objective of Facebook, Twitter, Google, and Youtube.

- **Facebook:** Share content between people.
- **Twitter:** Share information quickly and share your thoughts with your followers.
- **Google:** Organize world information.
- **Youtube:** To provide the opportunity for anyone to become a content creator.
